Innovative in all aspects

■ Packaging

To ensure the authenticity of the product, each cell is sealed before the first use. Detachable and re-closable, they can also be used as a storage compartment by the end-user.

■ Packaging unit

A new quantity to best suit the need of the end-user.
A box is composed of 10 individual cells containing
10 x 10 blades each.

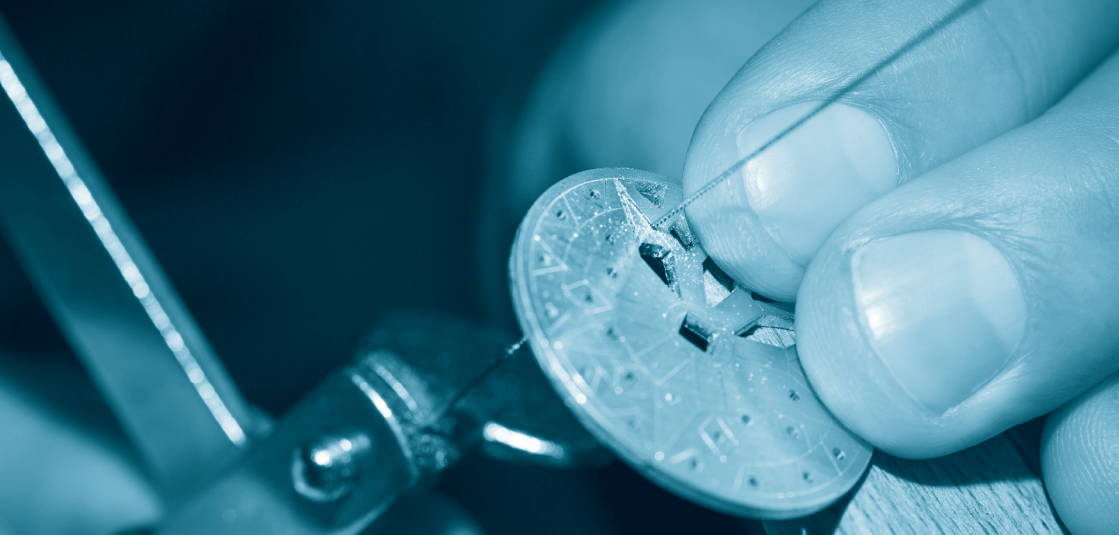

Swiss made

■ 100% developed and produced by UMV

The process is managed entirely in-house, ensuring consistent quality. State of the art production, cutting and heat treatment equipment.

A jewel of a saw blade
We are committed to offer you the best
